MINIMISED TRAUMA & ENHANCED PATIENT COMFORT

SAF-T-PEXY® NEEDLES

EFFICIENT CLINICAL SOLUTION

• Simple, Intuitive Tools
  - 3 pre-loaded needles and curved hemostat: Confidently secure the stomach
  - Audible confirmation of suture lock
  - Suture lock can bidirectionally be adjusted during application: helps prevent post procedural pain

• Controlled Delivery
  - One-handed, on-demand T-bar deployment
  - 3 pre-loaded needles: protect clinician from inadvertent needle sticks

• Promotes Patient Compliance & Comfort
  - Absorbable Sutures: Reduces risk of infection
    No follow-up visit required for removal
  - Promotes patient hygiene with easy-to-clean bolsters
  - Smooth, rounded low-profile retention bumper for patient comfort

Small sized T-bar allows safe placement in children

3-0 BIOSYN™ monofilament absorbable suture
Preloaded needles
Safety device: (blunt after usage)
Smooth rounded low-profile external PUR retention bumper
